🔗 Portfolio   ⭘ Phoenix-H22

🎖 Profile

I'm an experienced Full Stack Developer with expertise in PHP and Laravel for Back End Engineering. I've developed scalable web applications for clients in various industries, from small businesses to large enterprises. I work efficiently in cross-functional teams and specialize in developing optimized, maintainable code. My projects have resulted in a 20% reduction in page load times and a 30% increase in user engagement. I stay up-to-date with the latest technologies and implement best practices to deliver innovative solutions that exceed client expectations.

🧠 Skills

Databases
MySQL, MongoDB, PostgreSQL

Architecture Patterns
Clean Architecture, Design Patterns

Web Frameworks
Laravel, Vue.js, Tailwind, Bootstrap, jQuery, Alpine.js, Inertia.js

Software Engineering Skills
OOP, SOLID Principles, Algorithms, Data Structure, Logical Thinking

Programming Languages
PHP, JavaScript, Python, C++

Cloud Platforms
AWS, Google Cloud Platform, Microsoft Azure

Tools & Technologies
APIs, RESTful Web Services, Docker, CI & CD

Markup & Stylesheet Languages
HTML5, CSS3

Soft Skills
Problem Solving, Time Management, Adaptability

💼 Professional Experience

Theqah.sa, Fushati   08-2024 – present
Full Stack Developer ⧉   Riyadh, Saudi Arabia
- Led backend development for Fushati, integrating over 200 schools and canteens into a unified smart payment ecosystem; designed APIs that processed 5,000 transactions daily with minimal downtime.

KLLIQ LLC
Full Stack Developer ⧉

09-2023 – present
Khamis Mushait, Saudi Arabia

- Resolves critical bugs for peak performance, led the API development for an AI SaaS project increasing functionality and user experience.
- This added features to an a CRM system and debugged, leading to lower errors and higher user gratification.
- Fixed bugs in a social media app and contribute to increase stability and engagement of the system and of the users.

Intsolutions
Full Stack Developer

06-2023 – 09-2023
Giza, Egypt

- Gained extensive experience in shipping systems, enhancing operational efficiencies and contributing to the successful handling of complex logistics challenges at Intsolutions company.
- Leveraged mentorship from the team leader to deepen my understanding of industry best practices and innovative solutions, significantly improving my technical skills and teamwork capabilities.

🎓 Education

University of Sadat City
Bachelor's degree

09-2021 – present
ElSadat, Egypt

I am currently pursuing a degree in Computer Science and Artificial Intelligence at the University of Sadat City.

STEM Obour
High School Certificate

09-2018 – 09-2021
Obour, Egypt

Studied at a STEM Obour, gaining a comprehensive education in Science, Technology, Engineering, and Mathematics. Equipped with strong analytical, problem-solving, and critical-thinking skills, and a passion for leveraging technology to drive innovation and impact.

📁 Projects

HerSerene Website ⧉
Laravel, Vue.js, Bootstrap, MySQL

04-2024 – 06-2024

- Created a sleek, responsive shopping interface with Vue.js and Bootstrap, delivering a seamless and engaging experience across all devices.
- Built a robust Laravel backend for secure inventory, orders, and payment management, ensuring smooth e-commerce operations.
- Deployed and maintained the site with continuous integration and Git, keeping everything running smoothly and up-to-date.

Smart Queue ⧉
"SAAS Platform": Laravel, jQuery, Bootstrap, MySQL, Twilio

2024

- Streamlined customer flow with an intuitive queue management system, cutting wait times and boosting satisfaction.
- Enhanced security and convenience by integrating OTP verification via WhatsApp and SMS using Twilio's API, increasing trust and engagement.

- Built a multi-language platform with Laravel and Vue.js, offering a responsive, user-friendly experience for a global audience.

Dive With Us Website ↗   06-2024 – 07-2024
Laravel, Bootstrap, jQuery, MySQL
- Designed a responsive website that improved the booking process, reducing drop-off rates by 25% and boosting positive feedback by 30%.
- Developed a robust Laravel backend for smooth data processing, secure transactions, and reliable management of bookings and payments.
- Managed seamless deployment and maintenance, ensuring flawless performance with continuous integration and version control.

Easy Spelling LMS ↗   09-2023 – 03-2024
HTML 5, CSS 3, Bootstrap, JS, Laravel, MySQL
- Built a complete LMS for Easy Spelling from the ground up using Laravel, improving code quality, functionality, and user experience.
- Boosted speed and performance with Bunny CDN, ensuring seamless multimedia delivery across all platforms.
- Integrated Stripe for secure payments and developed custom quizzes, handling both front-end and back-end independently to deliver a tailored educational solution.

Taha Store POS Inventory System   09-2023 – 12-2023
HTML 5, CSS 3, Bootstrap, jQuery, Laravel, MySQL
- Created a comprehensive POS inventory system for Taha Store with advanced invoicing, barcode integration, and order tracking to boost efficiency and customer service.
- Developed a financial management module with real-time accounts, stock alerts, and supplier management for better control over finances and inventory.
- Added customer and coupon management features with multi-language support, enhancing personalization and catering to a diverse clientele.

WebVAdmin ↗   2023
"SAAS Platform": HTML 5, CSS 3, Bootstrap, jQuery, JSON, Laravel, MySQL
- Developed a Laravel version of MightyWeb, streamlining the process of converting websites into mobile apps.
- Optimized code for improved efficiency, security, and scalability, enhancing the overall performance.
- Improved maintainability and user experience, delivering a smoother and more reliable conversion process.

🪪 Certificates

- ICSI | CNSS Certified Network Security Specialist ↗

- TIEC Entrepreneurship Training Camp ↗

- Nano-degree Intro to programming ↗

- Full Stack Developing Diploma From Eraasoft

- Web Development Bootcamp Course ↗

- Young Innovators Competition ↗

- Cyber Security Foundation Professional Certificate - CSFPC™ ↗

🏅 Awards

Eraasoft Internship   2023

Eraasoft

I achieved first place for three consecutive times in both the front-end and back-end web development competitions during my course and internship at Eraasoft Company.

WRO International Finals   2021

IdeasGym

I won first place in the national finals of the World Robot Olympics (WRO), competing against over 30 teams. This achievement qualified me to participate in the international world finals, where I ranked among the top 20 participants. Additionally, I received a certificate of recognition from Ideas Gym, the organizer of WRO in Egypt.

Top 30 Next Coders initiative   2019

Ministry of Communications and Information Technology

I was ranked in the top 30 out of 1,300 students from 616 schools across Egypt in the Next Coder programming initiative, which was conducted in partnership with Udacity. As a result, I received a financial prize for my achievement.
